

**UFCW 663 Tony Downs Madelia Union
Bargaining Update
September 25, 2019**

Our union bargaining committee met again on Wednesday, September 25 with our employer. We continue to bargain for a good contract that builds better lives for our coworkers, families and communities.

A plan administrator from Wilson McShane gave presentations on Health & Welfare and the Variable Annuity Pension Plan to the negotiations committee and the Company. Wilson McShane is the administrator for many of our UFCW Local 663 union contracts.

We shared our union economic proposal with management.

We will continue to meet to come to tentative agreements in future bargaining sessions.

The next bargaining session is scheduled for Wednesday, October 9.
