Company Response to Union Non-Economic Proposals
(new content following 6/24/2025 session highlighted in yellow)

- **~~Union Proposal 1(A).~~ Withdrawn by Union on 6/24/2025**

All union designated stewards, Chief Stewards and Union representatives will have access to all areas of the plant during working hours to monitor and enforce safe line speed and crewing.

- **Union Proposal 1(B).**

All stewards designated by the Union will be provided paid time off for training and capacitated to resolve issues directly with management in real time. Such paid time off for training will occur annually, starting within 6 months of ratification. Training shall be conducted jointly by the Union and company and offered in languages workers understand.

Company Response (6/25/2025): Reject.

The proposal is unnecessary because:

- The existing Enhanced Worker Safety Program already details the expectations and obligations for training.
- This includes new worker training, new task training, and annual training for every employee in a language the worker can understand.
- Consistent with the parties' shared goal of ensuring that employees receive training in a language they understand, the Company wants to discuss the concept of a pilot program for focused training groups modeled on the effective Hearing Test approach, which is also similar to the United Way approach.

- **~~Union Proposal 1(C).~~ Withdrawn by Union on 6/4/2025.**

All lines will have belts with spacing clearly marked and counters added.

- **Union Proposal 1(D).**

The company will post line speed standards in accessible locations for members to view and monitor.

Company Response (6/25/2025): For both the hot side and the cold side, the Company will post gang time, average chain speed, and number of pigs processed.

- ~~**Union Proposal 1(D).**~~ **Withdrawn by Union on 6/4/2025.**

The company will notify the Union before implementing any changes to line speed or crewing.

- **Union Proposal 2(A).**

EDIT Article 14(b) The Company will have tough toe shoes/boots (or something similar) available at the plant for maintenance employees' use. The Company will provide maintenance ~~and fork truck (e.g. this includes work saver drivers)~~ employees with safety boots on an as-needed basis, or a \$180.00 boot allowance on an as-needed basis, but not more frequently than once a year or case-by-case. The company will furnish yellow boots (or something similar) to employees in livestock drive alleys, series pens 1, 2, 3, and the trolley room.

Company Response (6/24/2025): The Company agrees to modify the last paragraph of Article 14(b) of the contract to state as follows:

The Company will have tough toe shoes/boots (or something similar) available at the plant for maintenance employees' use. The Company will provide maintenance employees with safety boots on an as-needed basis, or a \$180.00 boot allowance on an as-needed basis, but not more frequently than once a year or case-by-case. - b. All training shall be provided in languages workers understand.
- c. Aspirin and ibuprofen will be available and provided to employees at the plant.

Company Response (6/25/2025): The Company is willing to agree to a modified version of the Union's proposal as follows:

The Company will continue to provide a medical / nursing station and ensure it is adequately staffed (in the Company's good faith judgment) for all hours in which production is taking place. Employees must inform their supervisor prior to leaving their work station **(except in emergencies)** when going to the medical / nursing station so that the supervisor may inform the nurse that the employee is coming to the station so that the nurse may be ready.

The Company will provide translation options as practicable for those employees who request translation assistance, and any required training materials shall be in the primary languages of the participating employees as practicable.

Union Proposal 3(B)

EDIT Article 16 to add: All stewards designated by the Union shall receive first responder, OSHA 10 and Ergonomics training annually on paid time. Such training will be conducted jointly by the Union and company and offered in languages workers understand.

Company Response (6/25/2025): The particular language proposed by the Union is rejected as being unnecessary since the subject is already adequately covered by the existing Enhanced Worker Safety Program and Article 16 of the contract. However, in an effort to encourage and enhance employee participation, the Company is willing to agree to modify Article 16 of the contract as follows:

**Quality Pork Processors (QPP) and UFCW Local 663 2025 Contract Negotiations
Company 6/25/2025 Response to “Union Proposal #4” dated 6/24/2025**

**ARTICLE 16

There shall be a Safety Committee composed of at least three (3) Union members and at least two (2) Company management members plus the Director of Plant Safety. The Safety Committee shall be ongoing for the purpose of making the plant a safe workplace. The Union representatives and the bargaining unit members of the Safety Committee may select additional or alternative members of the Safety Committee so long as the total number of bargaining unit employees on the Safety Committee does not exceed six (6) per shift.

There shall be an Ergonomics Committee composed of at least three (3) Union members and at least two (2) Company management members plus the Director of Plant Ergonomics. One Company and one Union member will be from the Safety Committee. The Ergonomics Committee shall be ongoing for the purpose of making the plant a safe workplace. The Union representatives and the bargaining unit members of the Ergonomics Committee may select additional or alternative members of the Ergonomics Committee so long as the total number of bargaining unit employees on the Ergonomics Committee does not exceed six (6) per shift.

- **Union Proposal 4(B):**

Employees will be completely relieved of all work duties and free to attend personal needs for all rest and meal periods.

Company Response (6/25/2025): Reject.

The proposal is unnecessary because:

- Employees already are relieved of their work duties during breaks and meal periods meaning there is not a need for any new contract language.
- Further, with respect to the Union's reference on 6/24/2025 to PPE, Article 36 of the contract already reflects the longstanding past practice and agreement concerning the total daily compensation associated with donning and doffing PPE.
- Finally, with respect to the Union's expressed concern on 6/24/2025 about Safety Tuesday, the Company will discuss its tentative plan to alleviate that concern.

- **Union Proposal 5(A):**

Union Response: Company intent for proposal is to address Christmas Eve falling on a Monday - Union proposes edit of Article 21: Christmas Eve
